Hi Tami,

Arla is aware of the flow of the trip and has agreed to prepare a poster on BBNA's Brownfields Program that will be displayed with other posters & materials at the potluck. This is the only real opportunity to fold in non-Pebble related in-region environmental efforts as the afternoon sessions - EPA and Tribal Leaders and follow up with invited groups/individuals - is the purpose of the afternoon session.

Hi Mary,

This is the first timeline/update I've received. Looks like I missed the RSVP deadline date. Sue popped in my office this morning to tell me that I should probably do a poster as there won't be much time for presentations.

Hello Arla,
I wanted to make sure you had the latest agenda on the Administrator Jackson visit next week. If you haven't received this, please go ahead and RSVP to Tami Fordham at 271- 1484 for the lunch.

Tami has included all of the EPA grant programs present in each village and their Tribal point of contact in the briefing package that will be handed to the Administrator for all of her village visits next week.

I cc'd Janice so she could see who is traveling from DC with the Administrator and the purpose of the visit.

Thank you,
Mary

Good Afternoon!

The purpose of this visit is for Administrator Jackson and the other EPA
Officials to learn more about the Bristol Bay region and to hear local
and regional perspectives regarding the proposed Pebble mine. This is a
great opportunity to come and meet with the Administrator.

The times listed below have not yet been finalized, but they should be
close. If the schedule changes I will let you know. I wanted to send
the draft itinerary to you so that if you were planning on traveling to
Dillingham you could make those arrangements. Also, please know that
Sue Flensburg will be working with tribal environmental coordinators who
would like to present a short presentation on their program work, see
below for more information.

I am asking that for the closed tribal government meeting that you let
me know who will be representing your tribal government, see below for
more information.

Please get back to me and/or Sue by Tuesday July 20th. I will need
names and titles for all of the people who are planning to meet with the
Administrator. Curyung Tribe is also helping to organize the potluck so
they would appreciate knowing how many people plan on traveling into
Dillingham.

Depart Anchorage 10AM

Arrive Dillingham - LOCATION: Dillingham Middle School (565 Wolverine Lane)

1130AM-1PM - Tribal Environmental Program Successes - this is an opportunity for tribal environmental programs to make brief presentations about their work throughout the region. If you would like to make a presentation please contact Sue Flensburg @ BBNA who will be organizing this session. If your tribe can not send anyone to this meeting and you would like to send information to Sue so that it can be given to the Administrator please contact Sue. Lastly, Sue is available to help with developing posters and the Bristol Bay Campus is willing to print 10 posters. CONTACT: Sue Flensburg no later than Tuesday July 20th if you are interested in presenting, sharing written information, or have any questions.

1PM-2PM - Potluck - Organized by the Curyung Tribe and the Bristol Bay Native Association

2-330PM - Meeting with Tribal Governments - This meeting is an opportunity for the EPA to hear tribal environmental concerns related to the proposed Pebble project, opportunities for partnership, and not a discussion as to whether or not the project should happen or not. If your tribal government is able to travel to Dillingham please let me know by Monday July 19th. I will need to know who will be the designated representative for your tribal government. If the Tribal Council can not travel and would like to appoint another person in the tribe to represent them please let me know who this person will be, no later than Tuesday July 20th.

330-345 - Break

345PM-445PM - Meeting with local and regional governments, non-profits, or other entities to share their perspectives on the proposed pebble project. Invitations will be sent to those organizations. This is a listening session, not a forum for stating positions on the project. EPA is not managing this as a public hearing, this is an opportunity for EPA to hear first hand from the people in Dillingham and the Bristol Bay region to discuss their environmental concerns, and opportunities for partnership.
